

SciPy India: Building Scientific Community in India

SciPy India Community @ FOSS in Science Devroom

What is SciPy India?

- **Community-driven initiative** promoting scientific computing in India
- Part of the larger **SciPy ecosystem** focused on Python for science and engineering
- Fosters vibrant community of researchers, scientists, programmers, and learners
- Focus on **Indian context** of FOSS and open science
- Active since 2009, with revival in 2025

Our mission

- **Organise workshops, conferences, and sprints** for knowledge sharing
- **Encourage contributions** in free and open source software
- **Advocate for open science, open code, open data** and open education
- **Community Calls** - Monthly online meetups (started July 2025)
- **Annual Conference** - Planning an *in-person* conference for late 2025/early 2026

How to Participate

- **Join the community:** <https://scipyindia.zulipchat.com/join/4mesdxfbbp14titgtdzx4iwv/>
- **Attend events:** Community calls, workshops, conferences
- **Contribute to open source:** Code, documentation, testing
- **Share knowledge:** Blog posts, tutorials, workshops, speaking
- **Volunteer:** Event planning, communication, outreach, graphics
- **Organize events:** Local meetups and workshops

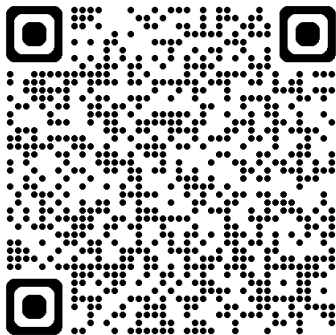

Connect With Us

- **Website:** <https://scipy-india.github.io/>
- **GitHub:** <https://github.com/scipy-india>
- **Zulip Chat:** <https://scipyindia.zulipchat.com/>
- **FOSS United:** <https://fossunited.org/c/scipy-india>
- **Social Media:** LinkedIn, Mastodon, Bluesky

Feedback & Next Steps

- **Feedback Form:** <https://forms.gle/Z23BonxxRAWSsSNC6>
- **Next Meetup:** September 27th, 2025
- **RSVP:**
<https://fossunited.org/c/scipy-india/september-2025>
- **Questions?** We're here to help!

Thank you!
